SUMMARY

Open Source committer. Good knowledge of Human-Computer Interaction, Web Technologies and Programming principles. Careful on Standards Compliance and User Experience. Particularly interested in developing projects on the client-side.

COMMUNITIES

Core Committer
January 2010 – Present

XWiki.org
I've been using the project since 2007, been a contributor since 2008 and voted by the community as a core committer since 2010.

Contributor
October 2007 – April 2009

Mozilla.org
Member of WoMoz group. Winner of "Best in Class: Innovation" for Mozilla's Design Challenge Spring 2009 and judge for Mozilla's Design Challenge Summer 2009.

EXPERIENCE

Interaction Designer & Front-end Team Lead
March 2009 – Present

XWiki
My responsibility is to analyse and propose new features, discuss them inside the Open Source community and implement them with the team.
I gather requirements, make specifications, wireframes, mockups and prototypes for the interface proposals.

Collaborator Teaching Assistant
October 2007 – March 2011

Computer Science Faculty, Alexandru Ioan Cuza University, Iaşi
I collaborated with the Faculty in order to teach "Human-Computer Interaction" Laboratory to Bachelor students and Software Engineering Specialisation Master students.

Summer Intern
July 2009 – September 2009

XWiki
Intern at XWiki's Paris Office creating XWiki's Colibri skin, UX standards and improving the Blog application.

Google Summer of Code 2008 Student
May 2008 – August 2008

XWiki
Sponsored by Google as part of their Summer of Code 2008, to work on "XWiki Watch: UI & Ergonomics Improvements" project for XWiki. Mentor in 2011, 2012, 2013. Org Admin in 2013.

Summer School Student
July 2006 – August 2006

Code40
The position was Web Designer and my responsibility was to create the graphic web design for a banking application.

EDUCATION

M.Sc., Computer Science
