EXPERIENCE

INTERACTION DESIGNER / XWiki, Iaşi
Mar 2009 — Present

My main responsibility is to improve the user interface of XWiki's projects in order to make them easier to use. I gather requirements, make specifications, wireframes, mockups and prototypes for the functionality proposals. All this process is done and validated inside an Open Source community that cares about transparency and meritocracy.

Other responsibilities:
Member of the Product Vision Team / Mar 2014 — Present
Member of the Core Team / Apr 2013 — Present
Member of the Roadmap Team / Mar 2011 — Present
Applications Team Manager / Jan 2014 — Oct 2015
Front-end Team Lead / Apr 2013 — Jan 2015
Investigations Responsible, Strategy Team / Jul 2011 — Mar 2013
Member of the Core Team / Jul 2010 — Jun 2011
Member of the Marketing Team / Mar 2009 — Jun 2010

APPLICATIONS TEAM MANAGER / XWiki
Jan 2014 — Oct 2015

There are over 800 extensions contributed inside the XWiki Community. A subset of these extensions are supported by the Applications Team by providing interface improvements and bugfixes. The team's purpose is to improve the integration and consistency of these applications with XWiki Platform.

FRONT-END TEAM LEAD, CORE TEAM / XWiki
Apr 2013 — Jan 2015

My team's major responsibility was the implementation of the Flamingo Skin. This meant the creation of a responsive HTML5 XWiki skin. We integrated the Bootstrap framework and added LESS support inside the XWiki Platform. Also we created the Icon Themes and Flamingo Themes concepts, allowing the usage of Font Awesome and Bootswatch themes.

COLLABORATOR TEACHING ASSISTANT / A. I. Cuza University, Iaşi
Oct 2007 — Mar 2011

I collaborated with the Faculty of Computer Science in order to teach "Human-Computer Interaction" Laboratory to Bachelor students and Software Engineering Specialisation Master students.

SUMMER INTERN / XWiki, Paris
Jul 2009 — Sep 2009

Proposed and implemented XWiki's Colibri Skin, UX standards and improved the Blog application.

GOOGLE SUMMER OF CODE 2008 STUDENT / XWiki.org
May 2008 — Aug 2008

Sponsored by Google as part of Summer of Code 2008, to work on the "XWiki Watch: UI & Ergonomics Improvements" project for XWiki. Mentor in 2011, 2012, 2013. Org Admin in 2013.

SUMMER SCHOOL STUDENT / Code40, Iaşi
Jul 2006 — Aug 2006

My responsibility was to create the graphic web design for a banking application.

EDUCATION

M.SC. COMPUTER SCIENCE / A. I. Cuza University, Iaşi
2007 — 2009

"Software Engineering" specialization. Graduation paper titled "Semantically linked data in the context of personal information management", supervised by S. Buraga.

B.SC. COMPUTER SCIENCE / A. I. Cuza University, Iaşi
